

ASX Announcement
2 October 2019

UNMARKETABLE PARCEL SHARE SALE FACILITY CLOSED

Anteo Diagnostics Limited (ASX: ADO) (**Anteo** or the **Company**) announced on 18 July 2019 that it had established a small shareholding sale facility for holders of Unmarketable Parcels of shares in the Company (**Facility**). The Facility allowed those shareholders to sell their shares cost effectively while also assisting the Company to reduce the costs associated with servicing smaller shareholdings.

The Company established the Facility through CPS Capital Ltd and is pleased to announce that it has successfully completed the sale of 12,669,911 shares at an average price of \$0.0137 per share.

The number of shareholders is now reduced from circa 4,360 to fewer than 2,370 and this will have a positive impact on administration costs through reduced cost for distribution of notices, reports and other communications.

The share sales were conducted on market over recent weeks and were managed by CPS Capital Ltd. Distribution of the proceeds of the sale to the relevant shareholders will commence shortly.
