RESOLUTION 3

Grant of short term incentive Performance Rights under the Company's Equity Incentive Plan to the Managing Director & Chief Executive Officer

General

Shareholders are asked to approve the grant of 2,820,000 Performance Rights (**Performance Rights**) to David Radford, under the Company's Equity Incentive Plan, in respect of his role as Managing Director and Chief Executive Officer of the Company, as part of a short term incentive to reward Mr Radford for the achievement of specified KPIs during the financial year to 30 June 2024 that contribute to the short term performance of the Company.

If the Performance Rights are approved and subject to the conditions set out below, Mr Radford will be issued up to 2,820,000 Shares in the Company.

Listing Rule 10.14

Under Listing Rule 10.14, the issue of equity securities to certain persons (including directors) requires the approval of the holders of ordinary securities. Assuming approval is obtained pursuant to Listing Rule 10.14, the Company is entitled to rely on Listing Rule 10.12, Exception 8, as an exception to any requirement that may otherwise apply requiring shareholder approval under Listing Rule 10.11. Similarly, approval will not be required under Listing Rule 7.1.

Shareholder approval is required for the grant of the Performance Rights because Mr Radford is Managing Director and Chief Executive Officer of the Company.

If Resolution 3 is passed, the Company will proceed to grant the Performance Rights to David Radford. If Resolution 3 is not passed, the Company will not grant those Performance Rights, and the Company may need to consider an alternative strategy to incentivise and reward David Radford for short to medium term performance.

Technical Information required by Listing Rule 10.15

a) Details of David Radford and the Performance Rights

- The Company intends to grant 2,820,000 Performance Rights to Mr Radford not later than 1 month after the date of the Meeting.
- His total remuneration package is \$495,399 (inclusive of superannuation).
- 2,211,200 Options have previously been granted to Mr Radford under the Equity Incentive Plan (with no consideration payable for their grant).

b) Overview and key terms of the Performance Rights

- *Entitlement:* Each Performance Right entitles Mr Radford to one fully paid ordinary share in the capital of the Company, which will be issued on the vesting of the Performance Right.
- *Consideration:* no consideration is payable for the grant of the Performance Rights, nor upon the vesting of the Performance Rights.
- *Vesting:* the Performance Rights vest upon meeting certain Key Performance Indicators (**KPIs**). The performance measures involve the use of annual performance objectives, metrics, performance appraisals and continuing emphasis on living the Company's values (and those of its controlled entities). The measures target areas the Board believes hold the greatest potential for expansion and profit and cover financial and non-financial measures. The KPIs for the Executive team (including David Radford) are summarised as follows:

- financial: revenues, cost management, non-dilutionary funding and/or completion of commercial agreements; and
 - non-financial: strategic goals set by each individual business unit and holistic company-wide performance criteria, including product development, project delivery, human resources, Workplace, Health & Safety, and technical outcomes.
- the number of Performance Rights that will vest will correspond with the percentage between 0-100 of the Boards assessment of the KPIs Mr Radford has achieved during the financial year to 30 June 2024. The assessment will be made during July and August 2024 and the Performance Rights will vest immediately following a Board resolution of percentage of KPIs achieved for the year. On vesting each vested Performance Right becomes one ordinary share in the Company.
 - The total equity incentives for the Managing Director and Chief Executive Officer equate to approximately 50% of his cash salary using the 5-day VWAP as of 30 June 2024. The 50% equity incentive will be split evenly between short-term and long-term incentives.

c) Other terms of Performance Rights

The rules of the Equity Incentive Plan otherwise apply in respect of the Performance Rights, with the key terms set out at Annexure B to this Explanatory Statement.

d) Reasons for grant of Performance Rights

The Company has agreed to grant the Performance Rights to David Radford, subject to Shareholder approval, for the following reasons:

- to incentivise him with short term KPIs so as to contribute to the overall performance of the Company;
- the grant of the Performance Rights has no immediate impact of dilution on the Shareholders and will only dilute Shareholders if the Performance Rights vest on achievement of the vesting conditions;
- the issue of the Performance Rights is a reasonable and appropriate method to provide cost effective remuneration as the non-cash form of this benefit will allow the Company to spend a greater proportion of its cash reserves on its operations than it would if alternative cash forms of remuneration were given to David Radford;
- it is not considered that there are any significant opportunity costs to the Company or benefits foregone by the Company in issuing Performance Rights on the terms proposed.

Details to be published

The Details of any Performance Rights granted under the Equity Incentive Plan to Mr Radford will be published in the annual report of the Company relating to the period in which they are issues, along with a statement that approval for the grant was obtained under Listing Rule 10.14.

Any additional persons who are covered by Listing Rule 10.14 who become entitled to participate in the issue of securities under the Equity Incentive Plan after this Resolution is approved and who were not named in this Notice of Meeting, will not participate until approval is obtained under that Listing Rule.

Directors' Recommendation

The Directors (other than Mr Radford) unanimously recommend that Shareholders vote in favour of Resolution 3.

RESOLUTION 4(a), 4(b), 4(c), and 4(d)

Grant of attaching Options to eligible Directors under the Share Purchase Plan

General

On 26 July 2023 the Company announced a Share Purchase Plan to eligible shareholders to raise up to \$2,000,000, in conjunction with the Placement announced at the same time (as described in Resolutions 6 and 7). The Shares were offered at an issue price of \$0.032 (3.2 cents) per Share (**SPP Shares**), with one free attaching unlisted Option for every two (2) SPP Shares subscribed for and issued under the Share Purchase Plan (**SPP Option**), being up to 31,250,000 Options (together, the **SPP Securities**).

Under the Share Purchase Plan, 21,503,906 SPP Shares were issued on 11 September 2023, together with the grant of 8,876,953 Options which were issued on 13 September 2023, raising \$688,125 (before costs). Of the \$688,125 raised, eligible Directors subscribed for \$120,000 of SPP Shares, representing the maximum amount that each eligible Director could subscribe for under the Share Purchase Plan.

Shareholders are asked to approve the grant of 468,750 SPP Options to each of the following Directors (or their associated entities) who, as at the Record Date specified in the Share Purchase Plan (being 25 July 2023) were Shareholders in the Company, but were unable to participate in the issue of the SPP Options, due to the requirements of Listing Rule 10.11:

- Resolution 4(a) – Ewen Crouch;
- Resolution 4(b) – David Radford;
- Resolution 4(c) – Geoffrey Cumming; and
- Resolution 4(d) – Glenda McLoughlin,

(**Shareholder Directors**). As at the Record Date Katherine Woodthorpe did not hold any Shares in the Company, only unexercised Options, hence she is not included as a Shareholder Director.

The ASX granted a waiver in respect of Listing Rule 10.11 to enable each of the Shareholder Directors to participate in the Share Purchase Plan with respect to the issue of SPP Shares, without Shareholder approval. The waiver did not extend to the issue of SPP Options to Shareholder Directors or the related entities. The Letter to Shareholders forming part of the Share Purchase Plan booklet foreshadowed that Shareholder approval would be sought for the issue of SPP Options to Directors or their related entities at the Company's next annual general meeting.

Each of the Shareholder Directors participated in the Share Purchase Plan to the full amount of \$30,000 each, and as such would have otherwise been entitled to 468,750 SPP Options each.

If the grant of SPP Options to Shareholder Directors is approved, then:

- those SPP Options will be granted to the Shareholder Directors; and
- each Shareholder Director (whose grant of SPP Options is approved) will be able to exercise their respective SPP Options to acquire Shares in the Company by paying the exercise price of \$0.064 (6.4 cents) per SPP Option.

Listing Rule 10.11

Under Listing Rule 10.11, the issue of equity securities to certain persons (including directors or their associated entities) requires the approval of the holders of ordinary securities, unless an exception under Listing Rule 10.12 applies. The exceptions under Listing Rule 10.12 are not applicable in respect of the SPP Options. Assuming approval is obtained pursuant to Listing Rule 10.11, the Company is entitled to rely on Listing Rule

10.11 for the grant of the Options, as well as Listing Rule 7.2, Exception 14, such that approval will not be required under Listing Rule 7.1.

If Resolutions 4(a), 4(b), 4(c), and 4(d) are passed, the Company will proceed to grant 468,750 SPP Options to the each of the Shareholder Directors.

If any of Resolutions 4(a), 4(b), 4(c), and 4(d) are not passed, the Company will not grant SPP Options in respect of the resolution or resolutions that were not passed, and the Shareholder Directors will not have any other claims against the Company in equity or for other compensation in respect of the Options that are not granted.

Details of proposed SPP Options and the relevant Directors

Director Name	Number of Options	Date(s) on or by which the Company will grant the Options
Ewen Crouch	468,750	Not later than 1 month after the date of the Meeting.
David Radford	468,750	
Geoffrey Cumming	468,750	
Glenda McLoughlin	468,750	

Key Terms of Options

Each SPP Option will be granted on the same terms as set out in the Prospectus dated 9 August 2023 and annexed to the Share Purchase Plan Booklet issued on 9 August 2023, including the following key terms:

- *Consideration:* nil cash consideration is payable for grant of the Options, as they are free attaching Options for every two (2) SPP Shares subscribed for by the respective Shareholder Director under the Share Purchase Plan.
- *Exercise Price:* \$0.064 (6.4 cents).
- *Expiry:* 12 September 2026, being 3 years from date of grant of the SPP Options to the other participants under the Share Purchase Plan on 13 September 2023.
- *Vesting Conditions:* Nil.
- *Issue of Shares:* Each Option on exercise (and payment of the exercise price) entitles the holder to one fully paid ordinary share in the capital of the Company.

Other Terms of SPP Options

The Shareholder Directors may have subscribed for the SPP Shares through an immediate family member, a family trust, a family company, or a self-managed superfund of which they are a beneficiary (**Associated Entity**). For any Shareholder Director who subscribed for their SPP Shares through an Associated Entity, the SPP Options will be granted to that Associated Entity.

Purpose of the grant of SPP Options

The purpose of the grant of the SPP Options is to enable the Shareholder Directors to participate in the Share Purchase Plan on the same terms and with the same benefits as the other subscribers to the Share Purchase Plan. Currently, the Shareholder Directors have each paid \$30,000 (the full subscription amount permitted under the Share Purchase Plan), subscribing for 937,500 SPP Shares. However, they have not received the benefit of being granted the free attaching SPP Options.

The grant of the SPP Options is not intended to remunerate or incentivise the Shareholder Directors, as they are offered on the same terms as they were to all other eligible Shareholders under the Share Purchase Plan.

Any funds raised through the exercise of SPP Options granted to the Shareholder Directors will be used for the same purposes as the other SPP Options, as set out in the Prospectus.

It is not considered that there are any significant opportunity costs to the Company or benefits foregone by the Company in issuing SPP Options on the terms of the Share Purchase Plan.

Key Terms of Options

Each Option will be granted on the following key terms:

- *Consideration*: No consideration is payable for issue of the Options.
- *Exercise Price*: the higher of:
 - \$0.048 (4.8 cents) – being 50% above the issue price of Shares under the Share Purchase Plan; and
 - 43% above the ASX closing price of Shares on the date that the Options are granted.
- *Expiry Date*: the earlier of 30 November 2026 or 6 months after the date that the relevant Director ceases to be a Director of the Company.
- *Exercise Period*: any time after vesting and prior to the expiry date.
- *Vesting Conditions*: the Options will vest (and become capable of exercise) as follows:
 - 50% of each Director's Options vest on 30 November 2024; and
 - 50% of each Director's Options vest on 30 November 2025.
- *Issue of Shares*: Each Option on exercise (and payment of the exercise price) entitles the holder to one fully paid ordinary share in the capital of the Company.

Other Terms of Options

Directors may nominate that their Options be granted to an immediate family member, a family trust, a family company, or a self-managed superfund of which they are a beneficiary.

The Options will not be granted under the Equity Incentive Plan. However, various provisions of the Equity Incentive Plan will be taken to apply in respect of the Options (relating to capital re-organisations, good and bad leaver provisions, change of control events, misconduct, and clawbacks), available on the Company's website, at www.anteotech.com.

Purpose of the grant of Options

The Company proposes to grant the Options to the Directors for the following reasons:

- The grant of the Options to the Managing Director and CEO financial year is to incentivise him to contribute to the medium to long term performance of the Company;
- the Board's remuneration policy is to remunerate Non-Executive Directors at market rates for comparable companies for time, commitment and responsibilities. The Nomination and Remuneration Committee of the Company determines payments to the Non-Executive Directors and reviews their remuneration annually, based on market practice, duties, and accountability. Cash remuneration payable to Non-Executive Directors has not been increased for the year. Independent external advice is sought when required;

- Director's fees payable to Non-Executive Directors are not linked to performance of the Company. However, to align Non-Executive Directors' interests with Shareholder interests, they are encouraged to hold Shares and will receive periodic grants of options (subject to Shareholder approval). These grants of options serve as both remuneration for the Non-Executive Directors, as well as to incentivise the relevant Non-Executive Directors to improve performance of the Company;
- the grant of Options to those Directors is part of the Board's strategy to retain talent and provide longer term incentive to the Directors;
- the Options are unquoted, therefore the grant of the Options has no immediate impact of dilution on the Shareholders;
- exercise of an Option requires payment of the exercise price which will then form part of the working capital to the Company;
- the deferred taxation benefit which is available to the respective Director in respect of a grant of Options is also beneficial to the Company as it means the respective option holders are not required to immediately sell the Options to fund a tax liability (as would be the case in an issue of Shares where the tax liability arises upon issue of the Shares), and they will instead continue to hold an interest in the Company (through their respective nominee if applicable); and
- it is not considered that there are any significant opportunity costs to the Company or benefits foregone by the Company in issuing Options on the terms proposed.

Value of Options and basis for valuation

Shares (if any) attained by Directors, executives and employees through the granting of Options, are valued as the difference between market price of those Shares and the amount paid by the recipients.

The Options have been valued by an independent valuer using the Black Scholes option model and based on the assumptions set out below the Options were ascribed the following values:

Assumed grant date	14 November 2023				
Assumed expiry date	30 November 2026				
Share price at assumed grant date	\$0.027				
Exercise price	\$0.048				
Risk-free rate	3.975%				
Volatility	100%				
Fair value per Option	\$0.0146				
Recipient	David Radford	Ewen Crouch	Geoff Cumming	Glenda McLoughlin	Katherine Woodthorpe
Number	10,000,000	2,500,000	1,500,000	1,500,000	1,500,000
Total fair value (per Non-Executive Director)	\$145,960	\$36,490	\$21,894	\$21,984	\$21,984

RESOLUTIONS 6 AND 7

Ratification of prior issue of Placement Options and Placement Shares under listing rule 7.1 and 7.1A

General

On 26 July 2023 the Company announced a placement to institutional and sophisticated investors to raise \$4,000,000 (**Placement**) through the issue of 125,000,000 Shares at issue price of \$0.032 (3.2 cents) per Share (**Placement Shares**), with one free attaching unlisted Option for every two (2) Placement Shares subscribed for and issued, being 62,500,000 Options (**Placement Options**) (together, the **Placement Securities**).

On 2 August 2023, the Company issued the Placement Shares to raise \$4,000,000 (before costs) without prior Shareholder approval, pursuant to the Company's 7.1A mandate which was approved by the Shareholders at the Company's annual general meeting held on 17 November 2022.

On 13 September 2023, the Company issued the Placement Options without prior Shareholder approval, out of its annual 15% capacity under Listing Rule 7.1.

The Placement was not underwritten.

Resolutions 6 and 7 are as follows:

- Resolution 6 – that the Shareholders approve and ratify the prior issue of Placement Options pursuant to ASX Listing Rule 7.4; and
- Resolution 7 – that the Shareholders approve and ratify the prior issue of the Placement Shares pursuant to ASX Listing Rule 7.4.

ASX Listing Rule 7.1, 7.1A, and 7.4.

Broadly speaking, and subject to a number of exceptions, Listing Rule 7.1 limits the equity securities that a listed company can issue without the approval of its shareholders over any 12 month period to 15% of the fully paid ordinary shares it had on issue at the start of that period (**15% Capacity**).

Further, under Listing Rule 7.1A, an eligible entity can seek approval from its members, by way of a special resolution passed at its annual general meeting, to increase the 15% Capacity by an extra 10% to 25%. The Company obtained approval to increase its limit to 25% at the annual general meeting held on 17 November 2022.

The issue of the:

- Placement Options did not meet any of the available exceptions to Listing Rule 7.1 (being the subject of Resolution 6); and
- Placement Shares did not meet any of the available exceptions to Listing Rule 7.1A (being the subject of Resolution 7),

as set out in Listing Rule 7.2. Further, as the issue of each of the Placement Shares and Placement Options have not yet been approved by the Company's Shareholders, the Company uses up part of the combined 25% limit in Listing Rules 7.1 and 7.1A through these issues. This reduces the Company's Capacity to issue further equity securities without Shareholder approval under Listing Rules 7.1 and 7.1A for the 12 month period following the respective date of issue of each of the Placement Shares and the Placement Options.

In addition to the issue of the Placement Securities, the Company also issued SPP Shares and SPP Options under its 15% Capacity.

Listing Rule 7.4

Listing rule 7.4 allows the shareholders of a listed company to approve an issue of equity securities after it has been made or agreed to be made. If they do, the issue is taken to have been approved under Listing Rule 7.1 or Listing Rule 7.1A (as applicable), and does not reduce the company's capacity to issue further equity securities without shareholder approval under those rules.

The Company wishes to retain as much flexibility as possible to issue additional securities in the future without having to obtain Shareholder approval for such issues under Listing Rules 7.1 and 7.1A. Accordingly, the Company is seeking Shareholder ratification pursuant to Listing Rule 7.4 in respect of:

- the Placement Options under Listing Rule 7.1; and
- the Placement Shares under Listing Rule 7.1A.

Technical information required by Listing Rule 14.1A

If either or both of Resolution 6 and Resolution 7 are passed, the Placement Options and/or the Placement Shares (as applicable) will be excluded in calculating the Company's combined 25% limit in Listing Rules 7.1 and 7.1A, increasing the number of equity securities that the Company can issue without Shareholder approval over the 12 month period following the respective date of issue of the Placement Shares and the Placement Options.

If either or both of Resolution 6 and Resolution 7 are not passed, the Placement Options and/or the Placement Shares (as applicable) will be included in calculating the Company's combined 25% limit in Listing Rules 7.1 and 7.1A, decreasing the number of equity securities that the Company can issue without Shareholder approval over the 12 month period following the respective date of issue of the Placement Shares and the Placement Options.

Technical information required by Listing Rule 7.4 and 7.5

Pursuant to and in accordance with Listing Rule 7.5, the following information is provided in relation to Resolutions 6 and 7:

- the Placement Securities were issued to professional and sophisticated investors, including a number of new institutional investors in the Company. The recipients were identified by the Lead Manager of the Placement, Canaccord Genuity (Australia) Limited ACN 075 071 468;
- under the Placement:
 - 125,000,000 Placement Shares were issued on 2 August 2023; and
 - 62,500,000 Placement Options were issued on 13 September 2023;
- all of the Placement Shares were fully paid ordinary shares in the capital of the Company issued on the same terms and conditions as the Company's existing Shares;
- the issue price for the Placement Shares was \$0.032 (3.2 cents) per Share;
- the Company has received a total of \$4,000,000 as consideration for the Placement Shares;

- the Placement Options were granted on the same terms as the SPP Options:
 - *Consideration*: nil;
 - *Exercise Price*: \$0.064 (6.4 cents). Should the holders of the Placement Options choose to exercise the Placement Options in line with their terms and conditions, then the Company will receive up to \$4,000,000 for the exercise of those securities;
 - *Expiry*: 12 September 2026, being three years after the date of issue on 13 September 2023;
 - *Vesting Conditions*: nil;
 - *Ratio*: Placement Options were offered at a ratio of one free attaching Placement Option for every two Placement Shares subscribed for under the Placement;
 - *Quotation*: Placement Options are unlisted; and
 - *Participation*: only investors who participated in the Placement were entitled to subscribe for Placement Options.
- The Placement Securities were issued for the purpose of raising funds to be applied towards:
 - *Anteo XTM Commercialisation and Development Activities* – sales and marketing, and accelerating commercialisation for Anteo XTM and high silicon anodes in the battery sector;
 - *Anteo XTM* – further enhancement and integration into an extensive range of binder products;
 - *Anteo XTM Production Facility and Expansion* – commissioning the production facility with initial 20,000 litre annual capacity, and expansion of the production facility to 80,000 litre annual capacity;
 - *High Silicon Anode Development, Testing and Commercialisation* - premarket entry activities including research and development, IP establishment and protection, customer collaborations, and advanced testing equipment to accelerate development;
 - Future technology developments in the battery sector;
 - Commercial activities in life sciences;
 - Working capital; and
 - Costs of the capital raising.
- The Placement Securities were not issued under an agreement.

Directors' Recommendation

The Directors unanimously recommend that Shareholders vote in favour of each of Resolution 6 and Resolution 7.

A total of \$688,125 was raised under the Share Purchase Plan, with 21,503,906 SPP Shares and 8,876,953 SPP Options issued without prior Shareholder approval, pursuant to Company's 15% annual capacity under Listing Rule 7.1.

Technical information required by Listing Rule 7.4 and 7.5

- the SPP Securities were issued to Shareholders who participated in the Share Purchase Plan;
- in furtherance of the Share Purchase Plan:
 - 21,503,906 SPP Shares were issued on 11 September 2023 (including 937,500 SPP Shares which were issued to the Shareholder Directors as described in Resolution 4, pursuant to the ASX waiver which was granted to allow Shareholder Director participation in the Share Purchase Plan in respect of SPP Shares only); and
 - 8,876,953 SPP Options were issued on 13 September 2023;
- no SPP Options have been issued to the Shareholder Directors – if all or any of Resolutions 4(a), 4(b), 4(c), and 4(d) are approved, then these SPP Options will be issued with Shareholder approval under Listing Rule 7.4, and are not included in the calculations for Resolution 8;

- The SPP Securities were not issued under an agreement.

Directors' Recommendation

The Directors unanimously recommend that Shareholders vote in favour of each of Resolution 8 and Resolution 9.

RESOLUTION 10

Approval of 10% placement facility

General

Listing Rule 7.1A permits an "eligible entity" which has obtained shareholder approval by special resolution passed at an annual general meeting to issue "equity securities" (as defined in the Listing Rules and which includes shares and options to acquire shares) up to 10% of its issued share capital through placements over a maximum 12-month period after the relevant annual general meeting (the **10% Placement Facility**).

The issue of equity securities under the 10% Placement Facility would be in addition to the Company's ability to issue equity securities without Shareholder approval under Listing Rule 7.1. Broadly, Listing Rule 7.1 permits the Company to issue up to 15% of its issued equity capital without Shareholder approval over a 12-month period.

An "eligible entity" for the purposes of Listing Rule 7.1A is an entity that, as at the date of the relevant special resolution under that Rule, is not included in the S&P/ASX 300 Index and has a market capitalisation of \$300 million or less. If the special resolution were voted on at the date of the Notice of Meeting, the Company would satisfy the eligible entity requirements, and the Directors believe that the Company will continue to satisfy those requirements on the date of the Meeting. If the Company was to not meet this requirement as at the date of the Meeting, then this Resolution 10 would be withdrawn.

Whilst the Company has no current intention to raise capital via this 10% Placement Facility, the Directors consider that it is prudent to have such a facility in place to provide flexibility on capital raising alternatives and corporate transactions should they be required in the coming 12 months.

The effect of Resolution 10 will be to allow the Directors to issue equity securities under Listing Rule 7.1A during a maximum period of 12 months after the Meeting without subsequent Shareholder approval and in addition to the Company's 15% placement capacity under Listing Rule 7.1.

Resolution 10 is a special resolution, which requires approval of 75% of the votes cast by Shareholders present and eligible to vote (in person, by proxy, by attorney or, in the case of a corporate shareholder, by a corporate representative).

Technical information required by Listing Rule 14.1A

If Resolution 10 is passed, the Company will be able to issue equity securities up to the combined 25% limit in Listing Rules 7.1 and 7.1A without any further Shareholder approval.

If Resolution 10 is not passed, the Company will not be able to access the additional 10% capacity to issue equity securities, without Shareholder approval provided for in Listing Rule 7.1A and will remain subject to the 15% capacity limit in Listing Rule 7.1.

Additional Information

a) Equity Securities

Any equity securities issued under the 10% Placement Facility must be in the same class as an existing quoted class of equity securities of the Company, being ordinary shares.

b) 10% Placement Period

Shareholder approval of the 10% Placement Facility under Listing Rule 7.1A is valid from the date of the annual general meeting at which the approval is obtained and expires on the earlier to occur of:

- the date that is 12 months after the date of the annual general meeting;
- the time and date of the Company's next annual general meeting; and

- the date of the approval by shareholders of a transaction under Listing Rule 11.1.2 (a significant change to the nature or scale of activities) or 11.2 (disposal of main undertaking).

c) Minimum Issue Price

The issue price of Shares issued under Listing Rule 7.1A must be not less than 75% of the VWAP (volume weighted average price) of Shares calculated over the 15 ASX trading days on which trades in Shares were recorded immediately before:

- the date on which the price at which the Shares are to be issued is agreed; or
- if the Shares are not issued within 10 ASX trading days of the date in above dot point, the date on which the Shares are issued.

d) Use of funds raised

The Company may seek to issue equity securities under the 10% Placement Facility for cash consideration only (under Listing Rule 7.1A), in which case the Company intends to use the funds raised for:

- further development of its existing products;
- to further progress the Company's corporate and commercialisation goals; and/or
- general working capital.

e) Risk of dilution

Any issue of Shares under the 10% Placement Facility will dilute the interests of Shareholders who do not receive any Shares under the issue.

There is a risk that:

- the market price for the relevant equity securities may be significantly lower on the date of the issue of the equity securities than on the date of the Meeting; and
- the equity securities may be issued at a price that is at a discount to the market price for the relevant equity securities on the issue date,

which may have an effect on the amount of funds raised by the issue of the equity securities.

The table below shows the potential dilution of existing Shareholders based on an issue price of \$0.031 per Share (being the market price of Shares as at 6 October 2023 and the current value for the variable "A" calculated in accordance with the formula in Listing Rule 7.1A(2) as at the date of the Notice of Meeting. The table also shows:

- two examples where variable "A" (being the number of Shares on issue) has increased, namely by 25% and by 100%. Variable "A" could increase as a result of issues of Shares that do not require Shareholder approval (for example, a pro rata entitlements issue or scrip issued under a takeover offer) or future specific placements under Listing Rule 7.1 that are approved at a future Shareholders' meeting; and
- two examples of where the assumed issue price of \$0.031 per Share has changed: one, where it has decreased by 50% and two, where it has increased by 100%.

		50% decrease in Issue Price (\$0.0155)	Issue Price (\$0.031)	100% increase in Issue Price (\$0.062)
Current Variable "A" (2,196,442,432 Shares)	10 % voting dilution	219,644,243	219,644,243	219,644,243
	Funds raised	\$3,404,486	\$6,808,972	\$13,617,943
25% increase in current Variable "A" (2,745,553,040 Shares)	10 % voting dilution	274,555,304	274,555,304	274,555,304
	Funds raised	\$4,255,607	\$8,511,214	\$17,022,429
100% increase in current Variable "A" (4,392,884,864 Shares)	10 % voting dilution	439,288,486	439,288,486	439,288,486
	Funds raised	\$6,808,972	\$13,617,943	\$27,235,886

The table has been prepared on the following assumptions:

- There are currently 2,196,442,432 Shares on issue as at 6 October 2023.
- The issue price is \$0.031 being the closing price of the Shares on ASX on 6 October 2023.
- The Company issues the maximum number of equity securities available under the 10% Placement Facility.
- No options are exercised into Shares before the date of the issue of the equity securities.
- The 10% dilution reflects the aggregate percentage voting dilution against the issued share capital at the time of issue. This is why the dilution is shown in each example as 10%.
- The table does not show an example of dilution that may be caused to a particular Shareholder by reason of placements under the 10% Placement Facility, based on that Shareholder's holding at the date of the Meeting. All Shareholders should consider the dilution caused to their own shareholding depending on their specific circumstances.
- The table shows only the effect of issues of equity securities under Listing Rule 7.1A, not under the 15% placement capacity under Listing Rule 7.1.
- The issue of equity securities under the 10% Placement Facility consists only of Shares. If the issue of equity securities includes options, it is assumed that those options are exercised into Shares for the purpose of calculating the voting dilution effect on existing Shareholders.

f) Allocation policy

The Company's allocation policy for the issue of equity securities under the 10% Placement Facility is dependent on the prevailing market conditions at the time of any proposed issue. The identity of the allottees of the equity securities will be determined on a case-by-case basis having regard to the factors including but not limited to the following:

- the purpose of the issue;

- alternative methods of raising funds that are available to the Company, including a rights issue or other issue in which existing security holders can participate;
- the effect of the issue of the equity securities on the control of the Company;
- the circumstances of the Company, including, but not limited to, the financial situation and solvency of the Company; and
- advice from corporate, financial and broking advisers (if applicable).

The allottees of any equity securities that may be issued under the 10% Placement Facility have not been determined as at the date of the Notice but may include existing substantial Shareholders and/or new shareholders who are not related parties or associates of a related party of the Company. Further, if the Company is successful in acquiring new resources, assets or investments, it is likely that the allottees under the 10% Placement Facility will be the vendors of the new resources, assets or investments.

Previous approvals under Listing Rule 7.1A

In the 12 months preceding the date of this Meeting the Company issued 125,000,000 Shares, being the Placement Shares, under ASX Listing Rule 7.1A. The issue of those Placement Shares is the subject of Resolution 10. If Resolution 10 is approved by the Shareholders, then the 125,000,000 Placement Shares will not be taken to have been issued under Listing Rule 7.1A.

Voting Exclusion Statement

At the date of the Notice, the Company is not proposing to make an issue of equity securities under LR 7.1A, and the Company has not approached nor does it intend to approach any particular existing Shareholder or security holder or an identifiable class of existing security holders to participate in the issue of any equity securities. The Company has not formed an intention in relation to how it will decide which parties it might approach to participate in any issue of equity securities that might be made under the 10% Placement Facility. Assuming that remains the case at the time of the Meeting (which the Directors currently believe will be the case), no Shareholder's votes will be excluded under the voting exclusion in the Notice.

Listing Rules 7.1 and 7.1A

The ability of an entity to issue equity securities under Listing Rule 7.1A is in addition to the Company's 15% placement capacity under Listing Rule 7.1.

At the date of the Notice, the Company has the capacity to issue:

- 1) subject to Shareholder approval under Resolutions 6, 8 and 9, 329,466,364 equity securities under Listing Rule 7.1; and
- 2) subject to Shareholder approval under Resolutions 7 and 10, 219,644,243 equity securities under Listing Rule 7.1A.

The actual number of equity securities that the Company will have capacity to issue under Listing Rule 7.1A will be calculated at the date of issue of the equity securities in accordance with the formula prescribed in Listing Rule 7.1A.2.

Directors' Recommendation

The Directors unanimously recommend that Shareholders vote in favour of Resolution 10.
